Hi Andy,

Ohio EPA may be giving us a presentation about the findings of their CWS PFAS testing program near Washington Works. The invitation will likely be coming from Kim Harris, but may be coming from me. I told her to just invite you and then you can forward it to the people on our RARE Team that you want to invite. Sorry, I just didn't want to leave anyone off the list and I didn't want to spend time typing in all of the names into the e-mail.

Thank you,  
Jenny
